PRESIDENT WILL REFUSE KAISER A PEACE PARLEY

The News kept the phone wires hot for quite a while and until late this morning, trying to get a line from San Francisco on just what President Wilson was going to do to the kaiser about the latest peace wail from Germany, but could get nothing but rumors. The Examiner and Chronicle said they had wires to the effect that it was known in official circles that the President had sat down hard on the latest peace offensive, but the text of it had not been given out for publication or made public, but would be sometime today.

It is the consensus of opinion in Washington and New York that the President's reply will be short but emphatic, and will refuse to recognize the Hoheenzoren dynasty as a government that can be treated with. This will mean that the German people must first get a government that civilization can trust before any negotiations regarding peace can be entered into by the United States.

It is thought, also, from late advises from London and Paris, that the Allies over there are of the same opinion, and will positively refuse a peace parley at this time.

TELEGRAPHIC SUMMARY

NO PEACE REPLY GIVEN LAST NIGHT

WASHINGTON, Oct. 7, 11 p. m.—There will be no answer tonight to Germany's peace proposal. This was made known officially. It is expected, however, early tomorrow.

TURKEY ALSO ASKS FOR PEACE TERMS

PARIS, Oct. 7.—The German propaganda service at Berlin announced today that Turkey, through Spain has sent a note to President Wilson to the same effect and at the same time as the communication forwarded by Germany and Austria-Hungary.

BERLIN EXCITED OVER PEACE MOVES

AMSTERDAM, Oct. 7.—Berlin streets were crowded with excitement and men and women were buying up the extra editions as fast as they were issued, according to advices reaching here today. The Tageblatt is skeptical of the results of Prince Maximilian's speech. The Vossische Zeitung calls it a "political error."

YANKS RECAPTURE ANOTHER FRENCH TOWN

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 7.—American troops forced their way across to the west bank of the Aire River today and occupied a village which the Germans have evacuated in the face of the fire of the Americans.

BULGARIANS ARE SURRENDERING FAST

PARIS, Oct. 7.—The general in command of the Eleventh Bulgarian division has surrendered his forces to the allied troops in Macedonia. The division was composed of two brigades and with it a large quantity of war material fell into the hands of the allies.

BULGARS DRIVING OUT ALL HUNS

AMSTERDAM, Oct. 7.—Bulgaria on Saturday notified the powers with which she had been allied that they must quit Bulgarian territory within a month, says a Sofia dispatch to the Berlin Tageblatt. Most of the Austrians have left Bulgaria, the dispatch adds, and the Germans are leaving.

STILL DEVASTATING SCORES OF TOWNS

PARIS, Oct. 7.—The Germans are burning villages and towns behind their lines along the whole front from Lille to Rheims.

This is believed to presage a retirement of several sectors. South of Cambrai the enemy is reported already to have fallen back five miles on a seven-mile front. At least a score of places are in flames.

Roads Committee Visits Martinez

The good roads committee from Richmond appeared before the board of supervisors yesterday at Martinez, to urge co-operation about the cutting through of 23d street to the state highway, but met with scant courtesy at the hands of the board, so they all state. Those attending were Messrs. Pulse, LaMoine, Marcus, Moro, Chapman, Turley, Clark, Garrard, Galvin, Long, Milnes, Hall and several others. They were told to take the matter up with the local supervisors.

U. S. DEMANDS REPARATION BEFORE PEACE

WASHINGTON, Oct. 7.—A joint resolution putting the United States on record as opposed to any peace negotiations or armistice before the German armies and navy have unconditionally surrendered was offered in the Senate this afternoon by Senator McCumber of North Dakota. The McCumber resolution was presented at the conclusion of a lengthy discussion of the German and Austrian peace proposals, during which the belief was expressed by Senator Lodge, Republican leader, and Chairman Hitchcock of the Foreign Relations Committee that the President will promptly reject the proposal of the central powers. The resolution was referred to the Senate Committee on Foreign Relations. Other conditions set forth in the resolution are: 1—That the central powers accept President Wilson's fourteen points. 2—That they pledge reparation for all wrongs. 3—That all cities and towns destroyed by their armies be reconstructed. 4—That every soldier exacted from the populations of occupied Belgian territory and France be repaid. 5—That every ship sunk in violation of international law be replaced. 6—That Alsace-Lorraine and the $1,000,000,000 indemnity exacted from France in 1870 be returned. 7—That every crime committed by the soldiers of the central powers in violation of international law be punished by dollars and cents. This program contains nothing unjust to Germany, Hitchcock said. "Only such a just peace. This is the only terms which we can give it to them."

KAISER WARNED TO UNDERSTAND DEFEND FATHERLAND

BERLIN, Oct. 7.—"For months past the enemy, with enormous expenditure and almost without pause in the fighting, has stormed against your lines. In weeks of the struggle, often without repose, you have had to persevere and resist a numerically far superior enemy. Therein lies the greatness of the task which has been set for you and which you are fulfilling. Troops of all the German states are doing their part and are heroically defending the Fatherland on foreign soil. Hard is the task.

"My navy is holding its own against the united enemy naval forces and is unwaveringly supporting the army in its difficult struggle.

"The eyes of those at home rest with pride and admiration on the deeds of the army and the navy. I express to you the thanks of myself and the fatherland.

"The collapse of the Macedonia front has occurred in the midst of the hardest struggle. In accord with our allies, I have resolved once more to offer peace to the enemy, but I will only extend my hand for an honorable peace. We owe that to the heroes who have laid down their lives for the fatherland.

"Whether arms will be lowered is a question. Until then we must not slacken. We must, as hitherto exert all our strength unwearily to hold our ground against the onslaught of our enemies.

"The hour is grave, but, trusting in your strength and in God's gracious help, we feel ourselves to be strong enough to defend our beloved fatherland.

TEUTON PEACE WAIL REACHES PRESIDENT

WASHINGTON, Oct. 7.—A prompt and decisive reply to Germany's latest peace proposal is indicated by developments in Washington early today.

President Wilson cancelled his usual morning recreation hour and remained secluded in his study at work. Prince Maximilian's note was received during the night at the Swiss legation, where arrangements were made to deliver it at once to the state department for transmission to the President.

Quite irrespective of the nature of the reply, it seems to be agreed that the German note called for a prompt reply so that the American people might not be misled into relaxing their efforts for the Fourth Liberty Loan, so that the American troops in the field may know at once the position of their government and so that an offer of peace may receive such diplomatic attention as it deserves.

DISAPPOINT BALL FANS

The San Leandro Merchants ball team failed to show up Sunday for a game with the Richo Club, and accordingly the fans were disappointed. Bill Maloney and Jimmie Rasmussen promise better luck next game.

POOLTEGGING IS TO BE STOPPED

Council To Forbid Sale Of Bottled Goods Over The Bars

The arrest and imprisonment in Richmond last Saturday night of eight soldiers in uniform, all under the influence of liquor procurred in Richmond, was the last straw on the camel's back, and the Chief of Police and City Council were very much worked up over it. The editor of the News went before the Council some weeks ago and made a showing in regard to this important matter, with the result that the Council instructed Chief of Police Walker to inform every saloonkeeper in this city that if this miserable bootlegging did not stop they would pass an ordinance forbidding the sale of all bottled goods over bars, and the shutting up of all bottled goods houses at 5 or 6 p. m.

Chief Walker so informed the saloons, and for a short time there was a noticeable lack of drunken soldiers and sailors on Richmond streets. But now it has broke out again, and resulted last Saturday night of the arrests as above stated, by military police frim the Provost Marshall's department at San Francisco, aided by the local police.

Last night the Police Chief reported the facts to the council, and the license committee and city attorney were instructed to draw up the ordinance regulating the sale of bottled goods, as herein set forth—and they will proceed to do so at once, reporting it in at the next session of the Council.

It is silly to say that saloonkeepers do not know who bootleggers are. They know and everybody knows they know. That is but the thinnest kind of camouflage—and that all it is, either.

The News commends and congratulates the Council upon its prompt action upon this most vital matter, for it was getting to be a disgrace to the fair name of our city.

WOMAN SENT TO NAPA

Mrs. Rosie de Vicenzo of Richmond, was examined for insanity Friday and committed to the state hospital at Napa.

TEXT OF HUN NOTE CABLED TO WILSON

AMSTERDAM, Oct. 7.—The text of the note forwarded by the imperial German chancellor, Prince Maximilian, to President Wilson through the Swiss government follows:

The German government requests the President of the United States to take in hand the restoration of peace, acquaint all the belligerent states of this request and invite them to send plenipotentiaries for the purpose of opening negotiations.

It accepts the programme set forth by the President of the United States in his message to Congress on January 8 and in his later pronouncements, especially his speech of September 27, as a basis for peace negotiations.

With a view to avoiding further bloodshed, the German government requests the immediate conclusion of an armistice on land and water and in the air.

BOY SHOOTS SISTER

Dr. Camp attended a family of foreigners out near San Pablo yesterday, where a little boy playing with a shot gun had severely wounded his little sister by shooting her in the face. The wounds were serious but not fatal. We could not savy their names over the phone, as it was decidedly foreign.

CITY BARS MID-NIGHT REVELERS AND BELGIAN BABIES

Discuss Bootlegging In Richmond For Soldiers And Sailors And Will Take Immediate Action—Routine Work

There was a short session of the City Council last night, as there was little but the regular routine attended to except Mayor Lake's two little boys and his wife are all on the sick list and he wanted to get away as soon as possible to attend to handling the bootlegging matter and listening to reports of committees on unfinished business the City Father took an early adjournment.

News Holds Up the Bunch

Before the Council went into session the editor of the News appeared and sprung a scheme on them, and on all the "City Hall Gang," which made every one of them dig down into their pants pockets for a dollar each. It was so easy it was a shame to take the money—just like taking candy away from a baby. We had hard work to keep 'em from doubling the ante. The plan appears on page 3 of this issue, and speaks for itself. Twenty-five city officials take the page at a dollar apiece, and donate it to the Liberty loan campaign. Then the News gathers up the $25 and donates that to the Belgian Babies' Fund, of which Mrs. Boone is chairman locally. So the page does double duty, and everybody is satisfied.

PUNISHMENT BEFORE PEACE

The News is not inclined to be revengeful or lacking in the Christian spirit of forgiveness. Quite the contrary. We have always been too kind and tenderhearted for our own benefit, and eternally got worked as a sucker in consequence. But we cannot help but feel and believe that at this time all German peace overtures should be met with a swift kick and a smashing punch on the jaw.

Until those brutal murderers, whose hands are red with the blood of women and children and whose hearts are black with every imaginable crime, have been given copious doses of their own medicine and have been made to suffer in a manner at least partly commensurate with the suffering they inflicted on France and Belgium, none of their cowardly wails for peace should be harkened to for a minute.

No thief is allowed to go unpunished because he is willing to give up part of his plunder when he is captured and begins to see he cannot escape with it.

No murderer escapes just punishment simply by promising not to murder anybody else—until he got a good chance.

What good is any peace treaty they would sign? They had a treaty with Belgium, and did not hesitate a second to break it, and say it was "a scrap of paper."

When the Hollernzorens, the Hindenburgs' the von Tripletzs, the Ludendorfs and all the rest of the autocrats, junkers and militarists of Germany have been backed up against a stone wall and filled with lead by a firing squad, and the German people have selected a government having honor enough not to consider a sacred treaty obligation as merely a scrap of paper, then, and not until then should any attention be paid to their chringing whines. A whipped cur always whines, but the Boche cur has not been whipped half enough yet to make it lasting and effective.

When his whine turns into cries of real anguish because of the lashes across his bared and bleeding back, will be time enough to listen. And not even then unless "the sacred soil of the Fatherland" has been plowed up with shot and shell and devastated at least half as much as he devastated France and Belgium. What about their soil being sacred? Is no soil sacred but that of a Hun?

They are talking of peace now, not because they have changed one iota in their criminal deviltry, but because they cringe from the lash that is being cracked over their square heads.

They cry "Kamerad," yet burn and destroy every town in France they are driven out of.

Half of the women of Belgium have been ravaged by these fiends in half human shape, and half the children slaughtered. In their trenches today are Belgian and French women slaves parceled out one woman to 100 men. Think of that, you fathers, husbands and brothers of America, before you think of any peace without a just retribution!

We believe in kind-heartedness and in love and charity and forgiveness, but first must come from all to whom such sentiment is extended full attonement, confession of wrong, and a contrite spirit to merit mercy. And until that comes, and is proven sincere, then the good old Mosiac law of an eye for an eye and a tooth for a tooth should prevail.

The News does not believe President Wilson will pay any more attention to this treacherous Hun peace offensive than he did recently to the request of Austria for a similar conference, and we do not believe the American people would stand for it if he did.

And as far as we are concerned, war or no war, peace or no peace, as long as we live and breathe any one of those blood-drenched slimy slurs upon hell over there that ever address us as "Kamerad" will do so at his own peril, for with God's help we'll smite him hip and thigh, and do our level best to prove to the registration boards that 45 years was to low an age limit to fix..

In this connection the following verses by an English Tommy fits in exactly:

I ought to shoot 'm where 'e stands—
A whinin' 'Un with lifted 'ands—
For 'e called me "Kamerad."

Me, wot's fought 'im clean an' fair;
Played the game an' played it square;
'E crucified my pal out there;
An' 'e calls me "Kamerad!"

You low-down, stinkin' 'ound o' 'ell,
I've seen the work you do so well;
Don't call me "Kamerad"—

You, wot shells a 'helpless crew,
Wot rapes an' murders women, too:
A blasted blackguard through an' through;
An' you call me "Kamerad!"

Mr. McVittie is City Auditor and his wife was Miss Della Wisley, well known and much beloved city librarian. Hosts of friends from all over the city and country are showering hearty congratulations upon the advent of the first baby to gladden the McVittie hearts and home, with which the News joins most earnestly. God bless all the babies—they bring their love with them when they come. Mother and infant are reported as doing nicely, but of course Mac is considerably flabbergasted. A box of good smokes were on the Council table at the session last night.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California.

CONSERVE ELECTRICITY

Patriotism demands that you save electricity for war industries.

Northern and Central California have a serious power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

THESE WAR INDUSTRIES MUST HAVE POWER

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off your lights when ever possible and use lower power lamps.

This is one other thing you can do in the great struggle.
